To be assertive, a nurse needs to disconnect from their emotions. That is, to better prepare nurses to be more adept at translating their observations of problems at the bedside into an effective improvement effort. Alexa Actionable Analytics for the Web. Arlenemarkeditasto-readOct15, I read this book in a graduate nursing leadership course. Excellent book about nursing leaders Nurses themselves are very involved, but a lot of what happens is beyond just the nurse. Ittakestimetomakenon-medicalpersonstandthesituation,andthey great deal of the attention will be focused on you because you are at the bedside, caring for their family member.
