If the former argument were removed, that weights by their natural motions hold to the centre, all the world would be confounded, the whole globe would fall to pieces; and, if the natural moving cause should stop, all nature would be consumed and its end be decreed. Then follows a description by Cardan, of Das M. G.-Perpetuum mobile (German Edition) method proposed " by the in- genious and erudite Cardinal Anthony de Fantis. The globe of sulphur, and the one with the load- stone, and all the other perpetual motions produced by that stone, have not yet began to move I InDb.
