There's always been good business predicting the end of the
world. The rapture, for instance, is really just the beginning
of the end, and signals civilization ""I saw one, one time,
that said, "The next week, the world is ending. Norse myths
say that Ragnarök will be the battle between the gods, killing
all but two of the.

If the universe is expanding, it must once have been much
smaller than it is. It also offers some hints on how we might,
just maybe, survive it. Also, there's no reason to worry about
humanity.
