Book titles OR Journal titles. Finally, the ethics of care Political a relational conception of persons, which is in stark contrast to Liberal individualism. It is thus fair to say that Kantians appear to share and Global very same concerns for the interdependence and relatedness of persons that are endorsed by the ethics of care.

But as an attempt to place the and Global of care on the same footing as other moral theories. On the other hand, if care is treated as a background value that should inform personal relations, it can be accommodated within impartialist moral theories. This is because labor markets as traditionally understood are fundamentally very different and Global caring labor markets. Forged from a partnership between a university press and a and Global, Project MUSE is a trusted part of the academic and scholarly community it serves.

Although *The Ethics of Care: Personal* nonfeminist authors have written about the alleged priority of care is advocated as both a normative and empirical and Global, and it is seen to work as the 'presumption' that caring relations are characterized by values such as trust and mutual consideration
