To his surprise and horror, Al is revealed to be rank zero, the lowest of the low. When he is taken from Africa by aid workers and brought to a different life in London he finds there are tribes and loyalties of a new kind. Doing exactly what it says on the tin, this book is indeed packed with things for kids to do with science and the great news is that all of them are fun and generally easy to do, and that they can be created from craft materials or items that all of us will have readily to hand.
