His meticulous and constructive explorations, sharp and witty, are in the service of understanding and enlightening our professional morality, much of which operates automatically, without scrutiny. How can one person help another? Request Permissions View permissions information for this article. CustomerreviewsTherearenocustomerreviews. We can be quite kind, fair, and loving, and yet our own even fully examined values, rules, and standards may not apply at all to the inner lives and actions of our patients. Through well selected treatment examples, Goldberg shows us the weakness of prevailing assumptions and their fundamental inapplicability. Theinterestofsuchapsychologyisintheproductionofharmoniouslymature there are rebels, of whom the author counts himself as one, along with Gordon Allport, Abraham Maslow and Rollo May, who feel that psychology and psychiatry should be aiming higher, and be more concerned with growth and potentiality in man.
