This book offers a comprehensive review of the extensive analytical and reporting functionality that Access provides and how it enhances Excel reporting functions. The review must be at least 50 characters long. I know an awful lot about Access, but when I get the "Query not updateable" error I always scratch my head and wonder what I did wrong this time. You've successfully reported this review. Xamarin Cross-platform Application Development. You've successfully reported this review. Excel Dashboards and Reports For Dummies. Automation is discussed from both directions: Access, on the other hand, needs a book that offers a comprehensive review of the extensive analytical and reporting functionality that Access provides and how it enhances Excel reporting functions.
