The documents in the case seemed to be a simple collection of love notes and letters home. But they concealed a clue to the brilliant murderer.

A description of tropes appearing in Documents in the Case. A murder mystery novel by Dorothy L. Sayers, cowritten by Robert Eustace. A noted.

The grotesquely grinning corpse in the Devonshire shack was a man who died horribly -- with a dish of mushrooms at his side. His body contained enough.

I particularly enjoyed the way in which the information was presented, particularly as it gave one the opportunity to see the same incident from multiple viewpoints, a thing that I always find fascinating. Anyway, various odd things happen in the inter-relationships between Mr. However, there is no detective with his brilliant intellect here, and the detection mostly consists of painstaking legwork.

Mythreestars here are something of a compromise Come on over here for a bit. Sayers was born in Sayers writes better English than most of her contemporaries, and her literary ending was to use this word again interesting.
