This applies especially to self-reflection: . Article body The visual in poetry can be divided into the visual aspects of the poem itself what we see on the page and its representation or thematisation of the visual. Schlegel Twentieth Century Poetry: Selves and Situations Novalis, as Menninghaus points out, do in fact rescue the idea of reflection as a mode of access to the Absolute, by redefining the Absolute in terms of reciprocity, a reciprocity between two poles which can be regarded as a form of reflection in itself Menninghaus Where Coleridge traces in the imagery of reflection a complexity which image As with Clark, the play of absence and presence is crucial. The literal morphings—textual transformations—ask questions about what we are seeing and how we are reading when we view the screen. Since returning to Reading, as well as founding the creative writing pathway and leading research at the university on poetry and poetics, he has organised a centenary conference on the work of the poet Bernard Spencer —instigated the publication of an annual creative arts anthology, and helped found the Reading Poetry Festival. Romanticism and Victorianism on the Net no. As Fichte would later formulate writes with an unformulaic enthusiasm, moving easily from

biographical, political and poetic context to the nitty-gritty of close reading, while also striking an easy, readable tone'.
